Hi David,

As we have mentioned, we are aiming to send US EPA a formal letter/status update on progress made to come into compliance since our December letter. I wanted to provide you with a draft of this letter in advance, in case you had any concerns/issues you could flag. If not, I will work in coming days to have it signed by Eileen and David, and sent along to US EPA.

And of course, please let me know if you would like to discuss,
